Agency Colleagues,

I am an attorney in DOJ's Civil Division, Federal Programs Branch. Along with Andrew Freidah and Eitan Sirkovich (cc'd here), we are handling litigation related to OMB's Memorandum, M-25-13, which directed agencies to pause certain funding to the extent permissible by law. Although that Memorandum has been rescinded, as of now the litigation against the "funding pause" is continuing.

Right now there are two cases challenging the funding pause. In DDC, a group of organizations has sued, but the only defendant in that case (at least as of now) is OMB.

The second case is filed in Rhode Island by twenty-two states and the District of Columbia, and your agency is named as a defendant. Plaintiffs in that case have sought a temporary restraining order against the funding pause, and the Court indicated that he is inclined to grant relief. **A temporary restraining order could issue soon, potentially this afternoon, and therefore we are reaching out now to ensure you are prepared to ensure compliance with any order that is issued.** Please note that, in their proposed TRO, Plaintiffs have requested that the Court order each agency to disseminate the Order to all “employees, contractors, and grantees within two hours.” Obviously we’ve opposed that requirement, but we wanted to flag it for your awareness to the extent you can begin thinking about how any order might be disseminated to employees, contractors, and/or grantees.

I’ve attached various filings from the Rhode Island case here. We will keep you posted as soon as we hear anything further from the Court. Also, if there are different contacts that would be appropriate from your agency for this distribution list, please let us know. Thanks in advance for your collaboration as we work through this emergency litigation.

Best,  
Daniel

**COMPLAINT FOR DECLARATORY AND INJUNCTIVE RELIEF**  
**INTRODUCTION**

1. This action seeks declaratory and injunctive relief and vacatur under the Administrative Procedure Act (“APA”) with respect to the Office of Management and Budget’s January 27, 2025, Directive for Heads of Executive Departments and Agencies (M-25-13), with the subject, “Temporary Pause of Agency Grant, Loan, and Other Financial Assistance Programs”

(“OMB Directive”).<sup>1</sup> The OMB Directive, set to take effect at 5 pm today but actually being implemented even earlier, directs that the head of every executive branch department and agency “**must temporarily pause** all activities related to obligation or disbursement of all Federal financial assistance, and other relevant agency activities that may be implicated by” recent executive orders, “including, but not limited to, financial assistance for foreign aid, nongovernmental organizations, DEI, woke gender ideology, and the green new deal.” OMB Directive, at 2 (emphasis in original). It requires all federal agencies to conduct a review of all federal financial assistance programs and supporting activities for consistency with current presidential policy, including the slate of executive orders directing immigration activities; eradicating DEI initiatives from federal programs; eliminating protections for members of the LGBTQ community; and removing conservation-focused regulations intended to protect the environment. The OMB Directive violates the APA and is unconstitutional. The substantial confusion created by the OMB Directive and unlawfully withheld funding pursuant to the OMB Directive’s directive will result in immediate and devastating harm to Plaintiff States.

2. The OMB Directive would permit the federal government to rescind already allocated dollars that have been included in recipient budgets—monies that are otherwise necessary for the Plaintiffs to ensure that their residents have quality healthcare, the protections of law enforcement, the benefit of safe roads, and assistance in the aftermath of natural disasters, among many other key services. Without this funding, Plaintiff States will be unable to provide certain essential benefits for residents, pay public employees, satisfy obligations, and carry on the important business of government.

---

<sup>1</sup> A copy of the OMB Directive is appended to this Complaint as Exhibit A.
